

ALUMINIUM VENETIANS

Covering the windows of Australia

The ultimate blind for heat & light control.

ALUMINIUM VENETIAN BLINDS are the ultimate blind for both privacy and heat control without restricting your view.

Choose from the sleek 16mm Micro, the elegant 25mm Slimline or the classic 50mm. All available in a large range of decorator colours, textures and woodgrains.

“SUNDOWNER” option conceals the cord holes in the slat giving greater light block out. Available in 25mm only.

“Breakaway Tassles” for child safety are designed to separate should a child become entangled in the cord loop.

“DOUBLE GLAZED” option in both 16mm & 25mm, are mounted between glass with the tilt mechanism controlled by an external knob.

“MAGIC TOUCH” option offers you concealed cords with single-touch wand operation.

Care Instructions: Close that slats and remove dust with a soft cloth or duster. The slats can be wiped over with a damp soft cloth dipped in mild detergent or warm water solution or professionally cleaned using ultrasonic cleaning.
