

TERRACE BLINDS

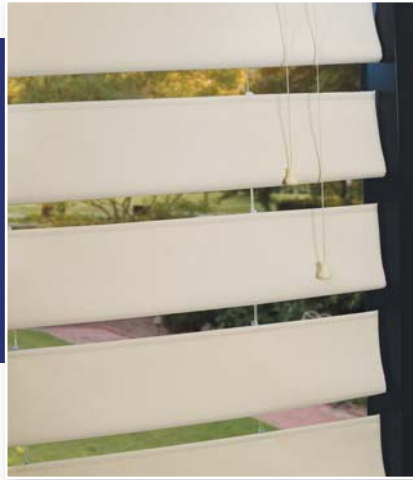

Covering the windows of Australia

A clean, contemporary
look that will add
warmth & sophistication

TERRACE ROMAN BLINDS upgrade the elegance of traditional Roman Blinds to a revolutionary new level, incorporating creativity, designer appeal and versatility.

TERRACE options display the sophistication of softly folded layers when lowered, or the simplicity of flat panels. TERRACE ROMAN BLINDS allow individual panels to separate and rise to let in light and the view without having to raise the blind.

The amount of incoming light is adjustable whilst still maintaining daytime privacy. Night time privacy is guaranteed when each panel is fully closed.

Choose from an exquisite collection of 100% polyester fabrics in an extensive range of textures and colours to complement all types of decor.

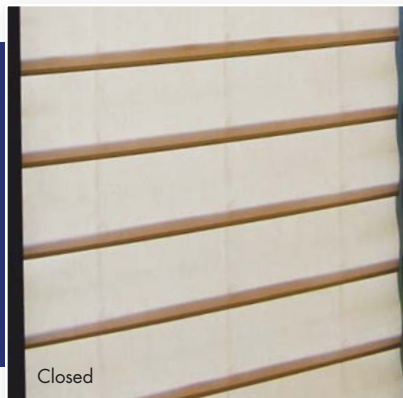

Flat Style

Decorative Colours

Total Privacy

Care Instructions: Spot clean by sponging gently with a solution of mild detergent and warm water. Avoid rigorous rubbing and never use solutions.
