

Double Roller Blind

ROLLER BLINDS offer the choice of a traditional finish or the exciting new look contemporary design and are available in our extensive range of easy care fabrics, trims and accessories. Our wide range of fabrics suit even the most discerning clients, offering you the choice of contemporary sheers and translucents for softly filtered light or blackout fabrics for room darkening. Choose from VENTURA or MONARCH 'Chain Control' systems for smooth operation, or 'Spring Operation' for ultimate child safety. ROLLER BLINDS can also be motorised with switch or remote control operation. Our Trim Selector will guide you through our extensive range of colour co-ordinated accessories and trim styles.
